HEALTH DEPARTMENT REPORT

To the Honorable Board of Selectmen,
Town of York, Maine.

Gentlemen:

The following is a report of the work done in the York Health Department during the summer of 1925.

Hotels and Public Eating Places

Thirty-two hotels and boarding houses and thirty-six wayside stand and ice cream parlors were examined and record made of their sources of milk supply, garbage disposal, etc. Approximately five hundred and fifty food handlers were

examined by physicians, issued certificates, and record filed in the office of the Health Department. The continual opening of new stands made it necessary to make frequent investigations for the general conditions, and for the food handlers permits.

Garbage and Refuse

An excellent standard of cleanliness is maintained by all the public eating places here. More sanitary hotels and camp grounds cannot be found anywhere.

A new dump was provided by the town for rubbish. Because garbage was being deposited it was necessary to keep it burned two or three times a week to prevent odor. Undoubtedly the same persons who misappropriated the dump for garbage disposal, failed to deposit in the pit, thus filling up the driveway. There should be someone at the dump during July and August to direct the depositing of refuse.

The York Beach Corporation began a garbage collection system, but as it was not compulsory, it did not entirely eliminate the problem in that section of the town.

The many picnics on Long Beach made it necessary to place refuse barrels along the Beach. The York Beach Corporation readily acted upon this suggestion.

There is still the increasing problem of waste paper and other rubbish on the public highways.

The depositing of untreated sewage in the river and ocean from York Harbor to Cape Neddick, is becoming a menace to the bathers and might easily be the cause of a serious epidemic. Other means of disposal of raw sewage is most urgent.

Complaints and Nuisances

The usual number of complaints were made and investigated. The majority of them were about garbage or sewage disposal.

Public Health Activities

The local department cooperated with the York County Public Health Association and arranged for conveyance of two of the crippled children in York to attend the free clinic at Biddeford on September 2nd. Several others were urged to take advantage of this privilege, and the department offered transportation to anyone interested in attending either for professional advice or for personal interest.

Infectious Disease

There were no epidemics during the summer. All cases were promptly and carefully attended to and the communicable disease rate is low.

Pneumonia	1
Vincent's Angina	2
Poliomyelitis	1
This was an out of town case and immediately returned home by machine.	
Scarlet Fever	1
Whooping Cough	1
Chicken Pox	1
Measles	1
Lobar Pneumonia	1

Laboratory Work

Urine Analyses	9
Bile Analysis	1
Water Analyses	2
Pathological Slides	10
Differential Blood Counts	6
Red and White Blood Cell Count	1

I wish to express my appreciation of the hearty support of the Selectmen, the Physicians, and the people of York. It is only through their cooperation that we can attempt to carry on the work of the Health Department.

Respectfully submitted,

RUTH C. STURTEVANT,

Health Officer.

To the Board of Selectmen,
Town of York, Maine.

Gentlemen:

The following is a brief report of the work done in the York Health Department since November 20th, 1925.

There have been very few complaints during the cold weather. I was called to the York Beach School to examine one pupil. Also the toilets at the Grammar and High School Buildings. It seems to me necessary that some improvement could be made in the flushing system in the girl's toilet at the High School Building.

Infectious Disease

Measles	2
Diphtheria	1

Laboratory Work

Urine Analyses	4
----------------	---

Forty-five persons have sent in Food Handler's Certificates and they have been properly filed. The law requires that these certificates must be sent in twice during the year. The first is good from January 1st to June 30th and the second from July 1st to December 31st of each year.

The cooperation of all the inhabitants can make this town an ideal locality in which to live.

Respectfully submitted,

F. W. SMITH, M. D.,
Health Officer.

Respectfully submitted,

MALCOLM McINTIRE,

Treasurer, York, Maine.

Auditor's Report

York, Maine, Feb. 23, 1926.

To the Citizens of York, Maine:

The Auditor of Accounts for the Town of York, for the year ending February, 1926, presents the following report:

At the "New Home" I found everything in good condition, both in the house and outside, the house neatly kept and efficiently managed, the inmates comfortable and well taken care of. There are seven inmates at the present time. Two deaths have occurred since the last year's report.

In the barn I found about 10 tons of hay

2 horses

6 cows

2 hogs

35 hens

and in the cellar of the house about 5 tons of coal

50 bushels potatoes

1 barrel of beans

1 barrel of pork

and sufficient amount of food supplies for the present.

The "New Home" during the past year has been under the very able management of Mr. and Mrs. Ingalls the same as last year.

The accounts of the several officers of the Town were examined and found correctly cast and vouchers shown for the money expended.

Respectfully submitted,

SAMUEL H. JUNKINS, Auditor.

Town Clerk's Report

OF THE VITAL STATISTICS OF THE TOWN OF YORK

For the Year Ending December 31, 1925

Town Clerk, York, Maine

REPORT OF THE Superintendent of Schools

To the Superintending School Committee and Citizens of
York:

The brief time I have had the supervision of the schools in York forbids any extended report concerning the work and progress made during the year.

I have been favorably impressed with the personnel of the teaching corps. With few exceptions excellent discipline seems to be maintained and an attitude of respect and courtesy is observed among the pupils. In most of the schools I have found the lessons well prepared and the pupils showing commendable interest in their work. I listened to an exceptionally fine recitation given by a sixth grade boy in one of the rural schools. He showed an excellent knowledge of difficult syntax in English grammar. As a whole I believe the citizens of York have reason to be proud of their school system.

My attention has been called to the need of a new heating apparatus for the York Beach School building. The poor condition of two of the three furnaces required to heat this building makes a constant necessity for increasingly expensive repairs. To install a new furnace seems advisable. A number of minor repairs are needed in the rural schools.

The following list of recommendations have been made by the committee for the ensuing year:

Common Schools:

Salaries and Conveyance	\$16,000 00
Fuel and Janitors	4,000 00

High School:	
Salaries	\$7,500 00
Conveyance	1,200 00
Fuel and Janitors	1,500 00
Books and Supplies	2,000 00
Repairs and proposed new steam furnace for the	
York Beach School	3,000 00
Manual Training and Domestic Science	1,500 00

Respectfully submitted,

WILLIAM C. McCUE,

School Agent for the Town of York.

REPORT OF THE Principal of York High School

To the Superintendent of Schools, William C. McCue,
Dear Sir:

Agreeable to your suggestion that a brief message from the present principal of York High would not come amiss, I venture to send you some of the impressions I have received in the short time I have been in office and also to express my hopes for the future.

A DEPENDABLE CORPS OF TEACHERS

Early in the week of my arrival in York I was asked by representatives of the local paper if I contemplated any changes. Plunging as I did "in medias res" that question was a little difficult to answer but happily I landed in the arms, figuratively speaking, of a group of broad-minded fellow-teachers who have given me without reserve their hearty support so that I have been enabled to adjust myself much more quickly to my several duties. Unless my judgment is very much at fault we have one of the prime requisites of a good school—a corps of cooperating teachers—and any changes affecting York High—teachers and pupils—can be proposed, discussed and accepted or rejected with safety in such a body

APPROVED COURSES OF STUDY

The courses of study are broad enough and flexible enough to ensure ample preparation for college, future commercial work or a general culture for those who are to take up the ordinary avocations, provided the "learning process" does its "office" work. Herein lies the big job of teachers and students.

THE STUDENT BODY

Although my experience as a teacher and as a father has shown me something of the working of the mind of a child

from cradle to college. I don't claim to be an expert mind reader but my impression is that my presence is not unwelcome to the boys and girls as a whole.

I find them similar to other young folks, no better perhaps, but certainly no worse—just young lives shaping their destinies under the influence of people, circumstances and surroundings. That the majority of them will respond to fair and open treatment, will conform to just regulations and secure a creditable standing in their studies is a reasonable supposition.

BUILDING AND EQUIPMENT

Personally I think ourselves fortunate beyond many others in having such fine working conditions. We are well housed and under ordinary conditions can keep comfortable, thanks to our genial co-worker in the basement who does everything in his power to keep us clean and warm.

I am heartily in favor of the suggestion to move the Domestic Science Department to the top floor of the building. As it is the ashes from three furnaces have to be wheeled through the present room making it next to impossible for the teacher to keep as tidy as she would like. Then, too, the odor of cooking would not permeate the halls and recitation rooms as it does now.

The above change would allow the athletic equipment to expand into much needed lockers for togs and shower baths for the boys after dirty, sweaty games of football and baseball.

COOPERATION OF FRIENDS OF SCHOOL

But with our loyal corps of teachers, our standard course of study, our comfortable working quarters and a well disposed student body, we need one other very important factor—a united body composed of alumni, parents and citizens. The school is the most important civic institution in a town and should receive the intelligent care and support of its citizens.

I thank you and the members of the school board for the honor conferred upon me and I shall try to serve the present age with your help until you shall see fit to release me.

Respectfully yours,

CHARLES M. TEAGUE.

REPORT OF THE Supervisor of Music

To the Superintendent of Schools:

I take pleasure in submitting my first report as Supervisor of Music in the schools of York.

It may be well in starting to state my four purposes of teaching music in the schools.

1. To have as many children as possible participate joyfully in correct and tuneful singing.
2. To develop in them a love for good music.
3. To teach as many of the principles and afford as much practice in sight singing as is possible under the existing conditions.
4. To arouse an interest in the study of instrumental music, hoping that York High School may have a larger and better orchestra in the future.

The music at the high school may be classed in five groups: A first and second year chorus, third and fourth year chorus, a girls' glee club, boys' glee club and a small orchestra. Several of these groups are very active while others may be greatly improved upon.

At the end of year each grammar school will have presented to the public an operetta which has been practiced along with the regular work.

To make my subject more interesting to the rural school children the study of folk songs and a few simple folk dances have been taken up.

A Music Memory Contest has proved a most valuable help for familiarizing music of the finest type which is being brought into many homes by the radio. The titles and names of the composers are discussed—then the selections played several times on the Victrola after which the tunes may be easily recognized.

The boys and girls throughout the town are ever ready to assist in any program, large or small, whenever asked by any organization.

In closing I wish to thank the pupils, teachers, superintendents and business men who have cooperated with me so splendidly since I have been teaching in York.

Respectfully submitted,

M. LOUISE PERKINS.

REPORT OF THE Director of Manual Training

York Village, Maine, Feb. 6, 1926.

Mr. W. C. McCue, Supt. of Schools,

Dear Sir:

Herewith I beg to submit the annual report of the Manual Art Department. I came to York knowing the condition of the school. My branch had the lowest or near the lowest rating in the state. I thought this condition was due to the wrong attitude of the students and so set to work on the principle that discipline is fundamental, next in importance to the rudiments of Manual Arts. At the first of my classes I explained the purpose of the course of study and its place in the life of the pupil; the training in the coordination of muscles and cooperation of mind and body. This involves the practical application of the theory of the other department. I stressed particularly the training for citizenship which is basic in all schooling but especially in connection with the tools as symbols of sound moral qualities, eg., square, rule and plane. I found it necessary to teach the use of tools to all the classes altho they should have been mastered in the sixth and seventh grades. There were several cases of discipline necessary but by the end of the first six weeks the manly qualities of the boys began to assert themselves. They took to the tools readily and began to master them slowly—slowly for Psychologists tell us it is much more difficult to replace an ingrained incorrect use of the tool by the proper method than it is to form the correct use at the start.

The shop and materials were in a rundown condition. Several hours of hard work were expended before the school could be opened. New planes, spoke shaves, mark-gauges, hammers and chisels had to be purchased. Carrying tools in

a Ford over the country roads unavoidably results in replacement for breakage.

The projects chosen for completion are of a progressive nature in the mastery of tools. The simplest is sawing to a straight line to get out wood. This brings in the basic training for position: "eye", "touch" and imagination and so on through the use of the square, gauge, plane, spoke shave, hammer, chisel and clamp. Some of the projects completed this year in the mastery of the tools are: squares, coathangers, towel rollers, whisk-broom holders, waste-baskets, skis, medicine cabinets, taborets, jewel boxes, meat and cake boards, roller pins, checker boards, step ladders, snow shovels, salad spoons and fork, music cabinets, writing desks, chifforobes, morris chairs, pine and oak top tables, radio, caning and cement work, jointing and wood-finishing. As an extra-curriculum, the students from in and around the Beach contributed extra time and enthusiastic initiative in finishing off a library in the basement of the Beach Grammar School. This was accomplished by the seasoned judgment and cooperation of Principal Smith and associates. Another extra project was the boarding of the partition in the Manual Arts Room during Christmas vacation by the boys of the Village Grammar School. In afternoon High School class spent the first half of the year in "open shop" work consisting mostly of school repairs. These included: wiring, glazing, painting and cement work. If the much needed and anticipated lockers, showers and athletic storage compartments at the High School materialize, this class will prove a great saving in labor.

On recommendation of State officials the pupils of Brixham, Lincoln, and Beech Ridge have been transported to the Village School. As a result I have been able to meet all the schools once a week and the pupils have the advantage of the equipment in the shop.

I recommend:

(1) That the Town furnish materials for the Manual Arts Room at least equivalent to the State's minimum requirements which amount about \$325.

(2) That all wood to be used in the school to be bought three months in advance because of the impossibility of procuring suitable lumber on short notice.

(3) That the pupils at the Beach and Cape Neddick Schools be transported to the only Manual Arts' Room at the Village Grammar School. This will give these pupils an equal footing with the Village pupils who are benefiting by the benches and shop equipment. I wish to bring to your attention that there are no benches or equipment of any sort at the Beach School. Furthermore this will alleviate the breakage of tools in transit and will save the town money for time lost by the teachers in going to and from the schools. The state refuses to give aid for time lost on the road.

(4) That during his High School Course a pupil shall not be permitted Manual Arts credit exceeding ten points toward graduation.

(5) That the Elementary Grades be required to complete at least a forty-minute period a week in free hand sketching, which is fundamental in the training of the eye, mind and hand in cooperation.

This year State requirements for instruction have been completed in full. In closing I wish to thank Allen C. Moulton Co. and F. E. Johnson Co. for assistance in procuring materials.

Respectfully yours,

ANDREW C. HOOPER.

REPORT OF THE Instructor of Domestic Science

To W. C. McCue, Superintendent of Schools,

My dear Sir:

As teacher of Domestic Science in York I herewith submit my report of the year's work.

Sewing is taught in Grade Six. The purpose is to teach the girls the making and application of different stitches. These include, basting, hemming, backstitching, blanket stitching, and the making of button holes. The articles made are towels, holders, aprons, capes and slips. These girls are preparing their uniforms for cooking next year. Simple dresses will be made later.

Foods has been taught in Grade Seven. My aim here has been to teach the girls how to prepare and serve type meals. These include, the simple breakfast, dinner and supper. Along with this we have taken up the composition of food and its use in the body. Some very interesting Health Posters have been made showing the reason why certain food stuffs are necessary to the upkeep of the body.

The sewing in Grade Eight includes a review of the stitches learned last year and the use of paper patterns in the making of a simple dress. Button hole and placket samples have been made. The articles made by this group include, slips, night gowns, aprons, and simple dresses or blouses.

In all sewing groups this year a very simple course in textile study, has been given. This includes the study of cotton, wool, silk and linen, their use and the method of manufacture. Textile books were made. These contain notes on the four common fibres with a sample of each.

The group in High School taking Home Economics are receiving credit for the course. It has been a most successful year. We have carried on the work on the nine-week system basis.

This includes, nine weeks of Foods, and nine weeks of Household Administration. This is a course on House Planning and the Furnishing of a Home. Note books were kept and very interesting folios were made on "My Ideal Home". Much interest has been shown in the course in Sewing. The last nine weeks will be devoted to Physiology, Hygiene and Home Nursing.

Beech Ridge, Brixham, and Lincoln schools have been transported to town this year. This makes it most convenient for them and enables them to take a half year of foods work. It should be made possible that the other outlying schools be transported or provision made so they would be able to take foods at least half of the year.

Sewing has been taught in the other schools which include, York Beach, Cape Neddick, Pine Hill, Clay Hill, and Agamenticus. The course in sewing in these schools include articles of underwear, and simple dresses. Crocheting and tatting is also taught. The sewing at all schools with the exception of York Beach has to be done by hand, no machines being provided in these outlying schools. Machines should be furnished in these schools another year in order that the use of them may be taught as well.

I feel that this year has been most successful and may I thank the parents as well as the teachers who have cooperated with me in making this year very pleasant.

Very respectfully,

MARTINA E. GREEN.

Warrant for Town Meeting

March 8, 1926

To Arthur E. Bragdon, Constable of the Town of York:

In the name of the State of Maine you are required to notify and warn the inhabitants of said town of York qualified by law to vote in town affairs, to assemble in the Town House in said town on Monday, the eighth day of March, A D. 1926, at nine o'clock in the forenoon to act on the following articles, to wit:

First.—To choose a moderator to preside at said meeting.

Second.—To choose a Town Clerk, three Selectmen, Assessors of Taxes and Overseers of the Poor, Town Treasurer, Collector of Taxes and Constable, two School Committeemen, one Road Commissioner, one or more Fire Wards, one Auditor of Accounts and all other officers necessary for the ensuing year.

Third.—To fix the remuneration of the town officers for services for the ensuing year, also the price for labor on the highways.

Fourth.—To see what sum of money the town will vote to defray the incidental expenses of the town for the ensuing year.

Fifth.—To see what sum of money the town will vote for the repairs of highways and bridges for the ensuing year.

Sixth.—To see what sum of money the town will vote for the support of Poor for the ensuing year.

Seventh.—To see what sum of money the town will vote for Common Schools for the ensuing year.

Eighth.—To see what sum of money the town will vote for the support of a Free High School for the ensuing year.

Ninth.—To see what sum of money the town will vote for the purchase of text-books and supplies for the ensuing year.

Tenth.—To see what sum of money the town will vote for repairs of school buildings for the ensuing year.

Eleventh.—To see what sum of money the town will vote for janitor service and fuel for the High School for the ensuing year.

Twelfth.—To see what sum of money the town will vote for janitor service and fuel for Common Schools for the ensuing year.

Thirteenth.—To see what sum of money the town will vote for instruction in manual training in the schools for the ensuing year.

Fourteenth.—To see what sum of money the town will vote for transportation of the High School students for the ensuing year.

Fifteenth.—To see if the town will vote the sum of one hundred dollars for laboratory equipment for the High School.

Sixteenth.—To see what sum of money the town will vote for a water supply for the ensuing year.

Seventeenth.—To see if the town will vote the sum of one thousand dollars to meet the deficiencies in the appropriation for 1925.

Eighteenth.—To see what sum of money the town will vote for Memorial Day.

Nineteenth.—To see what sum of money the town will vote for care of grounds, walks and shrubbery around the Town House.

Twentieth.—To see what sum of money the town will vote for street lighting for the ensuing year.

Twenty-First.—To see what sum of money the town will vote to pay interest on and for the reduction of the debt of the town for the ensuing year.

Twenty-Second.—To see if the town will vote to instruct and authorize the Treasurer to hire money on the credit of the town to meet pressing liabilities when so directed by the Selectmen.

Twenty-Third.—To see what sum of money the town will vote for the Health Department for the ensuing year.

Twenty-Fourth.—To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State Aid as provided in Section 19 of Chapter 25 of the Revised Statutes of 1916.

Twenty-Fifth.—To see if the town will appropriate and raise the sum of \$1,333.00 for the improvement

of the section of State Aid Road as outlined in the report of the State Highway Commission, in addition to the amount regularly raised for care of highways and bridges. The amount being the maximum which the town is allowed to raise under the provisions of Section 18, Chapter 25 of the Revised Statutes of 1916.

Twenty-Sixth.—To see if the town will vote to raise money and what sum for the maintenance of state highways during the ensuing year, within the limits of the town under the provisions of Sections 8, 17, 26, 27 and 28, Chapter 25 of the Revised Statutes of 1916.

Twenty-Seventh.—To see what sum of money the town will vote for the purpose of removing snow from the highways.

Twenty-Eighth.—To see what sum of money the town will vote in aid of the York Public Library for the ensuing year.

Twenty-Ninth.—To see what sum of money the town will vote to raise for the maintenance of the York Hospital for the ensuing year.

Thirtieth.—To see if the town will vote to accept the report of the doings of the Selectmen in laying out a town way at Long Beach near the Oceanside Railroad Station.

Thirty-First.—To see what sum of money the town will vote for the repairs of Rice's Bridge.

Thirty-Second.—To see if the town will vote to purchase a road machine and appropriate a sum of money therefor.

Thirty-Third.—To see if the town will vote to appropriate \$3,000. to pay the balance due on the York Public Library, on petition of Frank W. Smith and nine others.

Thirty-Fourth.—To see if the town will vote to purchase a ladder truck, so-called, for the York Village and Corner Fire Department and appropriate a sum of money therefor, on petition of George N. Baker and nineteen others.

Thirty-Fifth.—To see if the town will vote to construct the State Aid Road No. 3 and appropriate a sum of money therefor, on petition of C. E. Weare and seventeen others.

Thirty-Sixth.—To see if the town will vote to increase its appropriation for State Aid Roads to five times the maximum amount provided for in Section 18 Chapter 25 of the Revised Statutes, in accordance with the provisions of Chapter 258 Section 5 of the Acts of 1917, on petition of C. E. Weare and seventeen others.

Thirty-Seventh.—To see if the town will vote to buy a Fordson Tractor with caterpillar tread, Sargent snow plow, one man Wehr Grader and appropriate \$2,700. to buy same, on petition of H. Herman Bracy and sixteen others.

Thirty-Eighth.—To see if the town will vote to buy a Fordson Tractor with caterpillar tread, Sargent snow plow and appropriate \$1919. to buy same, on petition of H. Herman Bracy and seventeen others.

Thirty-Ninth.—To see if the town will vote to purchase a tractor and snow plow to be used in the

Eastern District, and appropriate a sum of money therefor, on petition of W. C. Hildreth and forty-one others.

Fortieth.—To see if the town will vote to install street lights from York Corner to Chase Pond by the way of Scituate, thence to the residence of W. J. Vickery and vote a sum of money therefor, on petition of Ellen B. Clark and twenty-three others.

Forty-First.—To see if the town will vote to extend the electric light service from the present terminus on "Ridge Road" at the barn of H. H. Norton along said "Ridge Road" to "Webber Road", so-called, and appropriate a sum of money therefor, on petition of P. E. Spinney and fourteen others.

Forty-Second.—To see if the town will vote to install two street lights at York Beach. One on the State Road near the residence of Frank L. Trefethen, and one on High Street near the residence of Fred W. Moore, on petition of Fred W. Moore and ten others.

Forty-Third.—To see if the town will vote a sum of money for the purpose of installing street lights from the guide board on the State Road leading from York Corner to Cape Neddick to the terminus of the present line running from the residence of Dwight Bardwell to a point near the residence of Patrick McGovern, on petition of Patrick McGovern and ten others.

Forty-Fourth.—To see if the town will vote to extend the present electric service from the terminus at Charles E. Weare's farm to the residence of Jere-

miah Perkins and appropriate a sum of money therefor, on petition of Jeremiah Perkins and nine others.

Forty-Fifth.—To see if the town will vote to install two lights on Atlantic Avenue West, on petition of O. W. Avery and fourteen others.

Forty-Sixth.—To see if the town will vote to install a street light at the corner of Acorn and Depot Streets at Long Beach and appropriate a sum of money therefor, on petition of G. W. Waterhouse and nine others.

Forty-Seventh.—To see if the town will vote to instruct and authorize the Selectmen to install a suitable heating plant in the Town Hall and appropriate a sum of money therefor, on petition of Fred W. Marshall and thirty-eight others.

Forty-Eighth.—To see if the town will vote a sum of money to repair the road from the residence of Dwight Bardwell to the State Road from York Corner to Cape Neddick, on petition of Patrick McGovern and ten others.

Forty-Ninth.—To see if the town will vote to raise the sum of \$5,000. for the purpose of repairing the road leading from the residence of J. J. Foristall to the Ogunquit line, on petition of Jeremiah Moulton and seventy-five others.

Fiftieth.—To see if the town will vote the sum of Five Hundred Dollars to be expended in removing the ledges just beyond the Daniel Goodwin farm on the Logging Road and otherwise improve said road from the State Road to a point near the old Freeman

farm so-called, on petition of Joseph Mott and twenty-two others.

Fifty-First.—To see if the town will vote the sum of Six Hundred Dollars to be expended on the road from North Village School House to Wells line, on petition of Benjamin O. Clough and six others.

Fifty-Second.—To see if the town will vote to raise the abutments of Clark's Bridge so-called, across Cape Neddick River, near the residence of Fred J. Matthews, four feet higher than at present and to have the same arched over with suitable material thereby avoiding the sharp hill on the Southerly side of the bridge as also future costs and repairs, on petition of A. K. Brewster and fifty-five others.

Fifty-Third.—To see if the town will vote to appropriate the sum of Five Hundred Dollars to be expended in repairing and graveling Ferry Lane Road so-called, on petition of Mrs. Albert E. Evans and twenty-six others.

Fifty-Fourth.—To see if the town will vote the sum of one thousand dollars for the York Beach Fire Department, the same to be used in purchasing new hose and other needed supplies, on petition of Harley G. Ellis and twenty-one others.

Fifty-Fifth.—To see if the town will vote to build a branch sewer at York Beach, Me., beginning at a point near or at the entrance of Belmont Ave., so-called and running through lands of James Hersey, Mrs. O'Donnell, J. W. Whitehouse and Mrs. Walter Matthews, thence to main sewer leading to Cape Ned-

dick River, and appropriate a sum of money therefor, on petition of Harley G. Ellis and fifteen others.

Fifty-Sixth.—To see if the town will vote to install septic tanks on the town sewer at York Beach, and appropriate a sum of money therefor, on petition of Frank E. Parsons and seventeen others.

Fifty-Seventh.—To see if the town will vote a sum of money for paying the cost of applying a binder of tarvia, oil, or other substance on highways reconstructed within two years by State Aid.

Fifty-Eighth.—To see if the town will vote to cooperate with the State and Federal governments in continuing the control of White Pine Blister Rust, and raise a sum of money for the purpose.

Fifty-Ninth.—To see what sum of money the town will vote to grant and raise to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine.

Sixtieth.—To see if the town will vote to install a hydrant near the residence of Alfred Thompson, on petition of Alfred Thompson and ten others.

Sixty-First.—To see if the town will vote to install a hydrant between the farms of C. W. Goodale near the South Side School House and appropriate a sum of money therefor, on petition of C. W. Goodale and nine others.

Sixty-Second.—To see if the town will vote to discontinue that portion of the old road from the Southerly end of Seabury Bridge to a point near the Fred Langille house that has been replaced by a new road.

Sixty-Third.—To see if the town will vote to require all taxes to be paid not later than Oct. 1st, 1926, and that interest at the rate of 1 per cent. per month be charged on all taxes not paid on or before October 1st, 1926.

Sixty-Fourth.—To see if the town will vote the sum of twenty-five dollars to be used as prize money for Boys' and Girls' Clubs.

Sixty-Fifth.—To pass any other vote or votes that may be necessary and legal for the administration of the town for the ensuing year.

The Selectmen hereby give notice that they will be in session for the purpose of revising and correcting the list of voters, on Friday and Saturday, March 5th and 6th from one to four o'clock p. m.

Dated at York this twentieth day of February,
A. D. 1926.
